In purity of character, dignity of deportment, lofty conceptions of public duty and sound discretion, Thomas F. Bayard, of Delaware, is a model American Senator. It is seldom that his judgment is at fault, and, when so, it may be assumed as certain that the error is a conscientious one. He illustrates, in his own person, the virtues of a long line of illustrious ancestry, and it may be said of him with truth, as was said without so much truth of the long line of illustrious ancestry, and New Orleans, Sept. 30.—Thirty-five deaths. Senator Bayard has just delivered an address at the Maryland State Agricultural Fair, from which we make the following beautiful extract. It embodies sentiments so just and eloquent and true that we are glad to give them place:

But there are other things that will never fall, and can never safely be discarded—are needed now, always were, and ever will be needed:

The lawyer then, with a motion of impatience, locked the door and returned to his seat, remarking, as he sat down, "People here in Washington think I've got some influence, and they are always calling on me to sign-retitions.'

#### Growth of Wheat. Below is given a letter from one of the best farmers in this county or the State :

WAKE FOREST COLLEGE, Sept. 20. Messrs. Kelley, Purefoy & Brewer, GENTLEMEN:—In reply to your inquiry as to the effects of "Long's Prepared Chemicals" for wheat, I would state that I sowed a ten acre cotton lot in wheat last December, using the 'chemicals' in conjunction with cotto a seed as a fertilizer. The yield was 1501 bushels of wheat of excellent quality. The season here, as elsewhere in the State, was a very unfavorable one for wheat. Had the season been favorable I have no doubt but the yield would have been much greater. wheat was sown the week before Christmas, rather late for the best results. I think much of the yield is to be attributed to the "Chemicals." I regard them an excellent fertilizer.

Yours truly, P. H. MANGUM. The firm above named keep full supplies of this valuable fertilizer, which they can furnish promptly at any point on the R. & G. Railway.

## An Astonishing Fact.

A large proportion of the American people are to day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the massess of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given

#### Governor Vance and the Financial Issues.

A gentleman who recently came from the South, in passing through North Carolina, found himself on the same train with Governor Vance, and had a conversation with him on political matters. The Governor said in substance that the Greenback-Labor movement was spreading rapidly through the South, and expressed the opinion that it would be embraced by the colored and poor white voters everywhere. He said that both the old parties were making advances toward these classes, which together comprise a majority in every State, and intimated that the result would be a breaking up of the solid South and a re-arrangement of parties without regard to race on some of the financial issues. - Washington

We publish the foregoing, simply to say that we do not believe that Gov. Vance indulged in any such utterances. In the first place, the Democratic party has made no advances to the Greenback-Labor party, but exactly the reverse is the case. The record of the Democratic party has been that of unswerving allegiance to the main doctrines and principles avowed by the Greenbackers. It has steadily resisted the encroachments of the money-power and monopolists upon the rights and interests of the masses, and, as we have had repeated occasion to show, of late, all of its legislation or attempted legislation, for the last fifteen years, has been in that direction. Nor will the Democratic "solid South" be broken up, so long as the "strong government" advocates threaten a renewal of the crats, who fancy that there can be no harsh and despotic rule and oppression | danger in breaking party organization. of which, for so long and weary a time, it was the victim. The "financial is- be Democratic, if the South is true to sues" are exigent and most important, itself and the Democracy. Then, Conkbut they are not paramount, nor will ling and the other malignant conspirathey, or can they, become so, until, in tors against the peace of the country possession of all the powers of the gov. can wave the bloody shirt to tatters. ernment, the Democratic party shall but it will be but an idle and contempt-

stitutional liberty and economy and purity to the administration of Nation Radical Attorney General, presuming al affairs. Gov. Vance, we are sure, concurs in this sentiment, and hence our conviction that, in the foregoing article, he has been misunderstood or misrepresented.

The Democratic Party--A Definition, its Duty and its Des-In his late speech in Atlanta, Geor-

gia, the Hon. B. H. Hill said: "I said to a distinguished Republican two years ago, 'There will never be a Republican House of Representatives again in this country.' Some say we will not have the next House of Representatives. I tell you, my friends, we will have one by fifty majority; and the time will never come when the Republican party will have a majority. [Applause.]

I said to him: 'In the course of time we will have a Democratic Senate.' He was startled. But it is so. The character of the next Senate is fixed, and it will be not less than six nor higher than ten Democratic majority. [Applause.]
After the year 1880, there will never be another Republican President of America. Thank God for that! [Applause. ] They have a Republican President from 1876 to 1880, created by fraud, and we have submitted rather than break the peace of the country. Then naturally, philosophically, the Republican party must die."

take its place? What party will be in power after the Republican party has that, of the alleged "Southern claims" passed away?"

The indications are just as clear what the party is as that the Republican party 000,000, only about \$2,500,000 were this country for a generation to come is ches, nearly all in loyal States, loyal the Democratic party. In the first Republicans, Union soldiers and the place, it is a national party, and, in the second place, it is a constitutional party, and it intends to administer the government according to the principles of the propagation of the enormous untruths Constitution.

"a great many definitious of Democracy. | them ! I will tell you the best definition:"

"We have the General Government for general purposes, the local government for local purposes; we have the General Government from the Constitution, the local government by inherent authority and reserved powers, which remain, and are not delegated. The Democratic party is a party that keeps and respects the rights of the Federal Government and the State government within their proper bounds, and administers the the State and General Government not for the interest of any section or class of people. You cannot kill the Democratic party, because it is to call your attention a moment. Before the war there was no difference between the Whig and the Democratic party as to the character of the Government as it now exists. We differed as to such measures of nullification and secession. The Whig party has passed away, and the Democratic party absorbs the intelligence and patriotism which once existed in the Whig party with perfect consistency, and every man in our country who is in favor of the Constitution is, by the very force of circum-

stances, a Democrat.'

We find the following exhortation in the course of the recent eloquent speech of the Hon. B. H. Hill, delivered in Atlanta. It it had been spoken in our midst, it could not have been more exactly and pertinently applicable to our immediate condition and duty. Mr. Hill said: "Therefore, my friends, be willing to sacrifice any of your personal views, your individual theories, for the purpose of giving success and efficiency to the great party which will give relief to the people. Why not set an example? This is the metropolitan district of the State, and you have a man of Secret of a Fair Face worth to lead you. Why cannot we subordinate all of these interests, real or imaginary, and, uniting this great district, make it an example in the harmony it will show to the country?"

THE LATEST PHASE which the charges against the Hon. Kenneth Rayner, Solicitor of the Treasury, have assumed, is "that he permits a ring of lawyers and politicians, most of them being from North Carolina, and at the head of which is ex-Senator John Pool, to run the office, and to influence his official actions and decisions. Opinion is divided as to whether or not the Solicitor knows that these men are using their influence with him from selfish motives and for corrupt purposes; but, if the charges be true, the effect is the same, morally and commercially, whether Judge Rayner does or does not know the motives and purposes governing the friends by whom he seems to have surrounded himself."

We do not know to what extent mer of desperate fortunes, like Jno. Pool. may have attempted to influence the official decisions of Mr. Rayner, but it is, at least, simple justice to him to suspend judgment on allegations which are necessarily one-sided, and to which he may be prepared with a satisfactory

CONKLING has spoken at last, after reticence of nearly eighteen months. Encouraged by the subsidence of Blaine and his Presidential prospects, as the result of the late Maine elections. he sounded a "key-note for Conkling' in the Republican Convention of New York the other day. The speech was made up, mainly, of invective against the South, and a furious flaunting of the bloody shirt. The evidence of a purpose, from such a source, to keep up the war of sectional passions is full of warning to those Southern Demo-The next House of Rep have restored all the safeguards of con- ible flapping against the breeze.

W. M. COLEMAN, of Concord, former that the "Spirit of the South," published at Rockingham, Richmond county, (because of its "independent"

motto, we suppose.) was a gudgeon for his net, wrote the Editor of that paper 'calling attention to the notice for a conference or convention of Nationals and others, opposed to Col. Steele, to assemble in Charlotte on the 5th of this month, and requesting him to 'aid in securing a good delegation from the ower country."

The Editor is not to be caught in so badly-baited a trap, but takes Billy down in the following handsome style "It occurs to us, William, that you have taken time by the forelock in writing to us so unreservedly and confidentially. We have not yet linked our fortune to your new-fangled National party, and, with the lights before us, we are by no means likely to become a member of that organization. At least, not soon. We therefore do not feel authorized to send delegates to the Charlotte Anti-Steele-Greenback National-Sore-head - Democratic - Repubican meeting, if we were able to do so."

SINCE the New York Tribune declared that the aggregate of Southern claims was \$350,000,000, there has been little mere said on the subject, and the Republican organs have abandoned the "What party," asked Mr. Hill, "must | idea of attempting to propagate the nonsense. WE HAVE ELSEWHERE adverted to the fact that the Northern Radical press and speakers of the country have 'come down" very much on the Southern claims bugaboo. We believe this result to be attributable, in no small degree, to the immense circulation which has been given, by the National Democratic Executive Committee, to the speech of the Hon. Joseph J. Davis on the subject. It is not only universally commended by the the outgrowth and representative of our press of the country, but is being util-Constitution. I say this, is creditable to Mr. Davis, who beeing an old Whig-and to this I want stowed great care and labor upon the preparation of the speech, and is gratifying to his friends and constituents.

This is the day fixed for the meeting, in this city, of a Convention to nominate a Radical candidate for Congress. Whether it is "to be or not to be,that's the question." We have heard of no movement in any other county than this looking to representation in the proposed convocation, but we presume that Mr. Bledsoe, with his usual shrewdness, has fixed the matter as against the "bossing proxies" and sub-

AN ITEM OF INTREST TO EVERY LADY WHO DESIRES TO BE MORE BEAU-TIFUL THAN SHE NOW IS.

Unfortunately no' one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be what nature has thus defined, art must be called upon to furnish.

It can be done; it is done daily. Prof. W.
E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustle maiden into a cultivated city bells.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and while it is as harmless as water, it is so lifelike in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using Hagan's Magnolia Balm, and we know of no other way. It is the cheapest preparation in the world, all things cousidered, and may be had at any drug store.

HOME REMEDY. THE MOST WONDERFUL DIS-COVERY OF THE AGE! A CERTAIN AND SPEEDY GURE FOR SCROFULA.

FACTS ARE STUBBORN THINGS My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier, it is everywhere giving perfect satisfaction. White my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood, and probably for other diseases.

FAYETTEVILLE, N. C., Aug. 12, 1878.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON,
Dear Madam, I have been using your Remedy for Scrofula over five months as an experiment for cancer. The cancer is of long standing, the Doctors have been treating it, more or less, for twelve years, it has taken off my upper lip at a god part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine appeared to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart oisease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years, and I know of none superior to this. I think your medicine is designed to be a great blessing to the afficted. Let every one that ueeds a Toeic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,

JOHN BUIE, Box 141,

Lever Feed Cutter.

Is something entirely new and novel in the feed cutter line. With this cutter the feed in cut off diagonally, instead of square across, as is the case with all other cutters, at the same time our cutter has a draw cut, acting exactly on the same principle that a knife is used is cutting off a stick, consequently with our Diagonal Feed Cutter we can cut more feed with less labor in a given time than any other cutter costing twice as much.

#### For the Sufferers.

he sum of \$6.30 was received at th Executive office yesterday, sent by two colored barbers, Edmunds and Cully, at Greenville, being the receipts of their shop for one day.

#### A Veritable Curiosity.

Commissioner of Agriculture Polk was yesterday the recipient of a genuine jointed snake, sent by R. O. Gregory, of Sassafras Fork, Granville county. Half the reptile was alive, and half dead. He will be on exhibition to-day-second floor of the Briggs building.

### Gilara Overboard.

The Radicals of the Second District met at Goldsboro yesterday. The meeting was largely attended, and numbers of colored politicians were on hand. The result of the meeting was that the negro O'Hara, Congressional candidate, was thrown overboard, and a mass convention called for the 15th instant. O'Hara declares his determination to run, despite the action of the convention. The meeting will be at Kinston.

### Mr. Wm. Woollcott.

Attention is called to the advertisement of this enterprising and successful business man. He has built up a very large profitable business on Wilmington street, and is quite noted for the boldness and success of his enterprises. His stock of dry goods and clothing at the open front is extensive, and his prices remarkably low.

### Removal of a Criminal.

Yesterday Sheriff Nowell took J. Hillman Keith, white, to Louisburg. He has been in jail here since May term of the Criminal Court, on a charge of rape upon the person of his own daughter, and had his trial moved to Franklin county. Court began there yesterday and this case will be taken up tomorrow. The case is one of particular

### Taking their Quarters.

U. S. Commissioner, T. R. Purnell, occupied one of the rooms on the second floor of the Government building, yesterday.

Col. A. W. Shaffer, Register in Bankruptcy and General Supervisor of Elections for the Eastern district, occupied a room on the same floor. N. J. Riddick, Esq., Clerk of the U. S. Circuit Court, also moved in.

### Glass Ball Shooting,

This afternoon, at 3½ o'clock, there will be an opportunity both to witness and take part in the new and exciting sport of glass ball shooting. All kinds of shots, good, bad and indifferent, are invited to participate. Each of these will be allowed ten shots. There will be no charge to enter the grounds, but shooters will pay 50 cents each as entrance fee in the match. The proceeds go to the relief of the yellow-fever sufferers. It is hoped many ladies will honor the occasion by their presence.

### Personals.

Maj. Jao. W. Hinsdale left for New York yesterday. Col. L. Polk has returned from his

trip to the Eastern counties. Mr. R. B. Andrews, the active member of the old reliable clothing house of R. B. Andrews & Co., has returned from his northern business trip-Col. Paul B. Means, of Concord, is at the Yarborough, as is also Mr. A. A. McKethan, of Favettville.

Mr. T. B. Lyman and daughter sailed from New York tor Liverpool, on Saturday last, on the Germanic, of the White Star Line.

Maj. W. A Smith, of Princeton, is in the city, in attendance upon the Republican convention to-day.

The Ætna Life Insurance Compa through their manager, Major W. H. | Many Republicans, it is thought, will Crow, have paid a policy this day of \$20,000 upon the life of Josiah D. Jenkins, of Edgecombe county, N. C. This insurance was taken out in January 1869, and drew in dividends of \$2,631.50 while living. A policy in the old Ætna

pipe 18 inches in diameter is to be laid. The distance between the building and the termination of the sewer is nearly a a mile. The contract for this work was awarded to Haywood & Hutchinson of Washington, D. C. The bid of this firm was to do the work, complete, for \$1.47 per running foot, The total cost of the work will therefore be about \$7,-000. Mr. J. L. Murphy, representing the contractors, is in the city. He will begin work, it is thought, to-morrow, at the Rocky Branch end of the sewer. The excavation will vary in depth from 6 feet at the lowest to 26 feet at the highest point. The piping has arrived, and is ready to be laid as fast as possible. About 60 men will be employed in digging the great trench, laying the pipe, etc. All this force are to be hired here. The pipe is of the best material and will be well laid. It is said the city will be allowed to tap it. The grade is one inch in ten feet.

Josiah and Moses. These two political lights lit up the darkness of the Republican sky last night, at the Court House. Mr. Turner spoke for an hour and a half, on the old subject of rings, Swepson, Deep River etc. There were some amusing campaign incidents recited, especially the description of how Mr. Bledsoe interrupted him at Clifton's Mill, and how he rang the cow bell to put him down, while Bledsoe whistled, but his lips soon refused to pucker and he had to stop. At this point in his rambling remarks some one told him a dray was outside, ready to haul him to the depot, so he bade the small auditory good even-ing. As soon as he left Mr. Bledsoe rose and spoke of the disgraceful scene of the bells. In the course of his speech he said some party had said he was speaking in favor of Davis. He called the maker of the statement all sorts of bad names. He spoke of the mass convention, and said if it nominated a Republican he would stick by him, but heaven and earth could not prevent his taking the stump against Brindle-tail Joe, if he is the nominee. The conflict between this pair of worthies is, indeed, a war to the knife.

#### Mayor's Court.

Such an array of criminals as greeted his Honor the Mayor, yesterday, showed him that the reign of peace and quiet-ness which has lately been so gratify-ing, had been rudely disturbed. The offenders were all looked after and given proper attention. The cases, as taken up, were as followst York Lane, colored, for disorderly conduct. This case was dismissed at cost of plaintiff, who failed to appear

to prefer charges. Tom Warren, colored, for behaving disgracefully in the market house, was fined \$10 and costs. Thomas Mitchel, colored, for a Saturday night assault upon Alex Pope, colored, was fined \$5 and cost. Alphonso Haynes, white, drunk and

down, was sent to the guard house for 12 hours. William Norwood, colored, drunk and down, was sent to the guard house for the same period. Charles Austin, negro, drunk on the

streets, Sunday, was fined five dollars ders are to be tried to-day.

It will consist of Republicans from the counties of Chatham, Franklin, Granville, Johnston, Nash, Orange and Wake—any one of that party attending who may see proper to come to Raleigh. At the Wake meeting, last week, Gen. Jones offered a resolution, which was adopted, fixing the number of votes to which each county is entitled in balloting for a candidate for Congress from the Fourth District the same as the number of representatives in the lower House of the General Assembly from the respective counties; but there may arise the question as to the right to thus restrict a Convention not composed of special delegates. All are on the same footing in a mass convention, and some may contend for each one having a voice

when the candidates are placed in nomination. It will be recollected that the action of the Republican District Executive Committee, in declining to call a convention, gave dissatisfaction, and this mass Convention, originating in Wake the outgrowth of that dissatisfaction take no part in its deliberations, owing to the fact that they regard the Execu-

We do most earnestly caution consumers of Baking Powder against using adulterate and cheap goods, as no good and pure Baking Powder can be sold for less than ours. An analysis of the cheap clap-trap spurious adulterated goods called Baking Powder, would startle the community of consumers beyond precedence, as most of it is not fit of uso, and would not be allowed to be sold were the laws enforced; yet goods of this kind are manufactured and sold by dealers because offered cheap by unscripulous manufacturers. We caution those who value health, and appreciate good, wholesome living to buy only Pure Baking Powder. Jones' Unrivaled is such. It is an established article throughout the West and South, and is recommended by the highest authority for Purity and Streaght All first-class storekeepers have it because it is pure and can be relied upon, and is a credit to their stock.

Merchants are authorized to warrant our goods where directions are followed.

Our statements are correct and are backed by chemists of note and experience, and we hold ourselves ready to prove our assertions.

We are offering goods of undoubted purity, which are in their compounding, as we claim "UNRIVALED." Send for Circulars. BALTIMORE, MD
